

2024 Blue Sky Open Day

To promote water sports and enhance awareness of ocean safety, Blue Sky Sports Club will be organizing a Water Sports Experience Day. This event aims to provide different groups with the opportunity to experience the joy of stand-up paddleboarding, kayaking, stand-up paddleboard Pilates, and dragon boating. Through this experience day, we hope to familiarize event organizers and their colleagues with the activities, making it easier for them to plan future events and arrangements. Participants of the Water Sports Experience Day will have priority registration for upcoming new activities and can avail themselves of discounted rates for Blue Sky Sports Club membership plans and group events. If you are interested in organizing a unique group sports event next year, we encourage you to sign up immediately!
